

# HIGHSPIRE WHISKEY

## PROCESS

- \* Locally sourced single varietal rye from the historic Waldeck Farm
- \* Aged four months in red, Hope Family Winery barrels from Paso Robles, CA
- \* Finished with proprietary recipe of added toasted staves
- \* Double copper pot distilled and chill-filtered
- \* Quality controlled at every step of our process, from grain selection to bottling, we are truly 100% handcrafted
- \* Through our proprietary methods, we are able to create a smooth and approachable whiskey that expresses the true flavor of Rhymin Rye

## ABOUT

President and Proprietor, Austin Hope, has applied his successful winemaking experience to the creation of our Highspire Whiskey. We developed an aging method that does not take years to express the great distinctive flavor of 100% rye whiskey.

## HISTORY

In 1823, Robert Wilson established Highspire Pure Rye Whiskey in Highspire, Pennsylvania. This 100% rye whiskey became one of the most popular whiskeys of the pre-prohibition era. After prohibition, this brand vanished ... Today, Kindred Distilled Spirits has brought back the classic taste and experience of Wilson's whiskey that was made with pure rye.

**Handcrafted using 100% Rye Grain  
750ml, ALC. 40% by VOL./80 Proof**

**Distilled and bottled by:  
Kindred Distilled Spirits  
Crestwood, KY, U.S.A**
